

Data protection policy:

This website is a standard WordPress blog, WordPress.com, which is run by Automattic Inc. A standard WordPress service collects anonymous information about users' activity on the site to monitor and report on the effectiveness of the site and help improve it.

WordPress requires visitors who wish to post a comment to enter a name and email address. For more information about how WordPress processes data, please refer to Automattic's Privacy Policy: <https://automattic.com/privacy/>

There are several social media plug-ins used on this site.

Privacy Policy for the use of Facebook plug-ins (Like-Button)

The pages of this blog sometimes use the plugins of the social network Facebook, provider Facebook Inc., 1 Hacker Way, Menlo Park, California 94025, USA. The Facebook plugins can be recognized by the Facebook logo or the "Like-Button" ("Like") on our site. An overview of the Facebook plugins can be found here: <https://developers.facebook.com/docs/plugins/>

When you visit the pages, the plugin establishes a direct connection between your browser and the Facebook server. Facebook receives the information that you have visited the site with your IP address. If you click on the Facebook "Like-Button" while you are logged into your Facebook account, you can link the contents of the pages to your Facebook profile. As a result, Facebook can assign the visit to my pages to your user account. I point out that as the provider of the pages, I'm not aware of the content of the data transmitted and their use by Facebook. Further information can be found in the privacy policy of Facebook at https://www.facebook.com/about/privacy/update?ref=old_policy

If you do not want Facebook to associate your visit to my pages with your Facebook user account, please log out of your Facebook user account.

Privacy Policy for the use of YouTube

This website uses plugins from the Google-powered YouTube page. Site operator is YouTube, LLC, 901 Cherry Ave., San Bruno, CA 94066, USA. When you visit one of my YouTube plug-in-enabled sites, you will be connected to the servers of YouTube.

The Youtube server will be informed which of the pages you visited.

If you're logged in to your YouTube account, YouTube allows you to associate your browsing behavior directly with your personal profile. You can prevent this by logging out of your YouTube account.

For more information on how to handle user data, see the YouTube Privacy Policy at:

Privacy Policy for the use of Twitter

Functions of the Twitter service are integrated on this site. These features are available through Twitter Inc., 1355 Market Street, Suite 900, San Francisco, CA 94103, USA. By using Twitter and the "Re-Tweet" function, the websites you visit are linked to your Twitter account and shared with other

users. This data is also transmitted to Twitter. I point out that I as the provider of the pages are not aware of the content of the transmitted data and their use by Twitter. For more information, see the privacy policy of Twitter <https://twitter.com/en/privacy>.

Your privacy settings on Twitter you can change in the account settings <https://twitter.com/settings/account>
